EDUCATION, CREATION
& APPLICATION
INSTITUTE

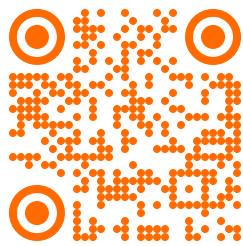

The **Education, Creation & Application Institute** is where all of these recipes came to life. An incredibly unique place through which, at **Disaronno Ingredients**, we constantly promote the culture of true Artisan Gelato to our customers all over the world with passion. A fundamental place for business growth, a training laboratory for the development of new products and the launch of new ideas to support **Gelato Makers and Pastry Chefs** and all aspiring professionals in

the sector. We propose, through our numerous courses, training and continuous growth courses in order to create value within the entire **Artisan Gelato** supply chain. Thanks to an experienced team of Technical Chefs at Disaronno Ingredients we support our customers throughout their professional growth path, also through recipes and different proposals such as the brand new **DIStagione**.

Find out more about the Education Creation & Application Institute and the entire Disaronno Ingredients universe on our website
